AUGUST 2008

THE PRESIDENT'S ANNUAL UNIHI EDUCATION FOUNDATION UPDATE

MIKE COCKINOS S'68

The year 2008 has begun with some changes both at Uni and at your UniHi Education Foundation. First of all, Eric Davidson has replaced Elois McGehee as Principal. Eric comes to us from Westchester High and brings a world of enthusiasm with him. Eric coordinated the Accreditation process at Westchester, acted as the liaison with Loyola Marymount in the partnership and supervised the Math Department. Welcome Eric!!! Elois is moving up and becoming a section administrator within LAUSD. We know that these moves will be positive not only for Eric & Elois but also for the School and the Foundation.

Additionally, our beloved Carolyn Sausser Lynch S'49 has resigned her duties at the Foundation. She has put her heart and soul into the Foundation for the past decade and for that all of us are very grateful. The Foundation is a small core of people with a lot to do. We can always use additional help. We hold our monthly meetings the last Wednesday of every month in Brentwood in the evening. When you come to the picnic look for any of the UHEF board members. We would love to meet you.

On the finance side, The Foundation gave in excess of the donations received in the fiscal year just ended. We were able to do this because of prior major donations from a very special anonymous donor. Those funds helped us purchase and install the 10 computers for the career center at a cost of over \$12,000. We spent over \$8,000 for a new book security system for the library. \$2,500 went for supplemental funding of the Drama/Performing Arts program. In the box on page 3 you can see a more detailed breakdown of the programs your donations have supported this past fiscal year. We are counting on you and your continued support in the coming year.

After much consideration the UHEF Board has decided to contract with Harris Publishing to publish a new alumni directory. It's been ten years since this was last done and updating our database with current information will be beneficial to all. Mike Johnson S'60 is in charge of this project and we very much appreciate his effort.

This year the All Alumni Annual Picnic and Car Show Fundraiser will be held Sunday, September 28th from 12-4 on the upper field. Bring your friends and make new ones as well. Last year we had some absolutely amazing cars and this years' event looks to be even better. We are taking a new approach and suggesting a \$10 donation per car. This money will go directly to the school and will help ease the continuing budget crisis that the school is facing. Let's all be generous!!

As always, I welcome all your questions, comments and correspondence. Feel free to contact me as you wish and I look forward to seeing you on Sunday, September 28th.

Mike Cockinos S'68 (310) 442-1399 MC@MikeCockinos.com

THE ALUMNI DIRECTORY 2.0

Lost your Year Book? Looking for friends from Uni that were not in your graduation year? The old Alumni Directory not working for you? Well, after much consideration the UHEF Board has decided to work again with the Harris Publishing Company to produce a new University High School All-Alumni Handbook. Ten years have elapsed since the first edition came out. That's ten years of graduations, address and other changes.

As many of you may remember the first book was far from accurate and comprehensive. In the intervening years Harris has made many changes in their approach to the project. First they will filter the existing (and rather inaccurate) information through modern search engines. Then they will contact alumni by postcard to verify accuracy, and to get permission to publish, personal data. They send two (2) postcards, and then, if they do not hear back they attempt to contact alumni by phone. **They have assured us that they will honor the Do Not Call List.** You will be able to prevent your personal data from inclusion in the database if you so wish. All you have to do is respond to the postcard. To insure confidentiality no one outside of the UHEF Board will have full access to this database, and that includes the people at Harris.

You can opt out of the entire project if you wish. Either let us know that you do not want to be contacted when you return your UHEF membership form or let Harris know when you reply to them. The only information in the book will be your name in the graduating class list.

SUNDAY SEPTEMBER 28, 2008 – NOON TO 4 PM

FROM PRINCIPAL DAVIDSON'S DESK

ERIC DAVIDSON

My name is Eric Davidson and I would like to introduce myself as the new Principal at University High School. It is a privilege to serve a school with such a rich and honored tradition. It is a tradition that one can sense when you enter the door. It is a tradition where notoriety and accomplishment are not the exception, but the rule. It is a tradition that we intend on maintaining as we continue our journey into the future. I thank the current faculty, staff, and community members for their sincere welcome and on-going support as our school community continues to implement innovative programs and structures that are sure to sustain the academic and social growth of all Wildcats.

One of the key elements of University High School that separates it from other schools is the sense of family. Family is important to me. I share my life with a wife, Gloria, and two fine young citizens, Lindsey and Tyler. Lindsey will be graduating a year from now at Gonzaga University. Tyler is graduating from Westchester High School this spring and will attend Loyola Marymount University in the fall. I take pride in my family and in my new family.

I come to University from Westchester High School where I served as an Assistant Principal for four years. I attended Westchester as a high school senior after moving to Los Angeles with my family in 1974. I attended Loyola Marymount University and earned a degree in Communication Arts. I soon found my way to Los Angeles Unified School District. I received a teaching credential from LMU and later completed the graduate program with a Masters degree in Education and an Administrative credential. It is at LMU that I learned to appreciate the value of diversity and social justice. I apply those values to the work I do today at University.

I joined University knowing there are great changes in store. The 2008 school year will open with an alternate schedule similar to the Copernican schedule that was employed by the school through much of the 1990s. The school will also be implementing two Small Learning Communities (SLC): The Academy of Engineering and The Digital and Multimedia Academy. Over the next several years, we will also include a Renaissance Academy, a Health Science and Sports Medicine Academy, and a Business, Law, and International Studies Academy. These academies are designed to provide students with pathways to college and careers after high school. SLC include strategies that personalize learning, provide equitable access and opportunity for every student, and make the result of learning both real and relevant.

University High School is also in the middle of a seismic mitigation project that will remove several temporary buildings, the music rooms and the west gym. The district will be constructing a new gym, replacing the music rooms, and upgrading other parts of the facility. We will also be entering into a joint use project with the Westside YMCA. The new facilities will provide an on-site swimming pool, practice gyms, and outdoor surfaces for tennis and basketball. We anticipate a long and mutually beneficial partnership with the YMCA.

Think about joining us at Uni for Career Day or come visit campus when we have open house tours on most Thursday mornings. Come see our progress.

I would conclude with the idea that all Wildcats need to learn to live and live to learn. Our future is defined by our effort to be inclusive, our wisdom in our choices, and our resolve to positively impact the world in which we live.

In gratitude and with respect.

WHAT YOUR DOLLARS DID IN 2007-2008

This past school year the UHEF made grants totaling more than \$30,000 in support of the instructional program at University High School. The following is a partial list:

- 10 new computers for the College and Career Center - \$12,146.10
- Art and photography supplies for 3 classroom teachers - \$740.08
- 50% for a new book security system for the Library - \$8,237.20
- Equipment and supplies for 3 math classes - \$482.72
- Supplemental funding for the Drama/Performing Arts program - \$2,500.00
- AV equipment for use at Alumni/Car Show & student events - \$377.79
- Microphones, recorder, video converter for the Film/Journalism programs - \$444.93
- Speaker system for projector in Social Studies Department - \$81.18
- Laser copier for Academic Decathlon program - \$206.32
- Community Based Instruction program equipment - \$200.00
- Four English Department class libraries & equipment - \$795.00
- Career Day expenses - \$200.00
- Expenses related to all alumni picnic and car show - \$646.00
- Mednick scholarship - \$1,000.00
- 2 Community Service Scholarships at \$1,000.00 each
- Having a positive impact on the lives of young people today – PRICELESS!

WE'RE UNDER CONSTRUCTION

Uni is looking at some really big physical changes in the coming academic year. Remember those "temporary" bungalows that were put in some 50 or more years ago? They are truly temporary after all. Due to seismic mitigation plans and long-term District-wide capacity adjustment projections the L, M and T bungalows are being removed. Part of the reason for this is also in response to the projected district-wide reduced need for the Capacity Adjustment Program (CAP). In the future more students will get to go to school close to home.

Of course we can't leave out the second biggest physical change on Campus. Construction will begin on the new gymnasium and swimming pool at Uni, a joint use project between Uni/LAUSD and the YMCA. Wow! Uni will finally have a pool!

You'll see some of the changes when you to the All-Alumni Picnic, Car Show fund-raising event September 28, Noon-4PM. To get an idea of the planned changes go to Page 14.

UHEF AWARDS SCHOLARSHIPS

Thanks to the generous \$10,000.00 bequest of late Counselor Sharon Mednick, and the nearly \$4,500.00 donated to date in her memory, the UHEF will be able to continue bestowing the \$1,000.00 **SHARON MEDNICK SCHOLARSHIP** to a student who has demonstrated an interest in pursuing a career in education. The student selected by the Counseling staff this year is **Yvette Paniagua. Yvette will be going to San Francisco State in the Fall.** No one appreciated the financial struggles of today's students more than Ms. Mednick who served as the college counselor from 1995 to 2003. If you wish to contribute to the Scholarship Fund in her name please do so through the UniHi Education Foundation. Thanks to you the UHEF will be able to do this for many more years.

This year the UniHi Education Foundation was once again able to recognize two students for their outstanding community service throughout their high school careers. Bernadette Gurney (406 hours) and Taran Caparoso (403 hours) each received \$1,000.00 toward educational expenses. Bernadette is planning to go to Cal State Northridge and Taran to Cal State Channel Islands.

Congratulations to all these wonderful young Uni graduates. Your support of the UHEF makes these scholarships possible. This is one very tangible way we can encourage today's deserving students at Uni.

HOOPSTERS HISTORIC APPEARANCE

We don't know whether or not it is a first for Uni, but this past March **both** the Boys' and Girls' basketball teams – the Uni Wildcats – reached the L.A. City Invitational Basketball championship finals at the Sports Arena. Both final games were televised.

Coached by Steve Ackerman, Uni '89, the boys concluded a 22-12 season by beating Eagle Rock 48-41 and winning the championship. This was a first for the 10 seniors on the team.

The Girls' team, coached by Roger Kiyomura, ended their 16-13 season by decisively defeating Dorsey (60-46), Bell (56-44) and Gardena (48-31) to reach the final game against El Camino Real. They were edged out at the end of the game 42-48.

These games followed a football season when the Wildcats were defeated by Garfield High School, a traditional City powerhouse, in the City Invitational finals at the Coliseum. Elois McGeehee wrote: "It was a great going away gift for me because they played those championship games on the Saturday after my last day at Uni. We're looking forward to following Uni's teams next year. For game information and schedules go to <http://www.universitywildcats.org> and click on the link to the athletics calendar. GO WILDCATS!

UNI IN WIKIPEDIA

In this, the information age, there are many ways to find facts, names and information about all kinds of stuff. One of the richest resources for information can be found at *Wikipedia*, *The Free Encyclopedia* found on the internet. So, no great surprise, there is an article about Uni in Wikipedia.

The article covers the history of Uni and includes information about the Native American heritage of the school site as well as a link with more information about the Serra Springs. In addition to sections about the change of mascot and the preservation of the Ficus on the East side of the classroom building, the article goes into some depth about filming on campus. It includes a list of movies, television shows and music videos shot at Uni. In *Drillbit Taylor*, released in 2008 Uni stands in for McKinley High School and in the 2007 release *Freedom Writers* Uni is Wilson High School. (Both photos from the website "Rottentomatoes.com")

When you go to *Wikipedia* be sure to click on the link at the bottom of the article "List of alumni of University High School." If you think of more names to add to the list let us know.

ONE OF OUR OWN CAROLYN SAUSSER LYNCH: SUMMER 1949

Contributed by Warren Hamilton SUMMER '50

Carolyn Sausser Lynch, the dynamic voice of the Uni Hi Education Foundation, has retired from the Board of Directors. What began as a, “what can I do to help?” question in 1999, evolved into nine years of dedicated service. Her organizational skills and personal commitment involved her in every aspect of the Foundation, including fundraising and distribution of funds, the newsletter, and organizing the yearly Alumni picnic.

For those who have never met Carolyn, she is a true Daughter of the Hills of Westwood. Raised near Pico on Selby in the shadow of the Apple Pan, Carolyn has seen the Westside change from miles of rural truck farms (she remembers watching tractors and horse drawn plows work the farmlands south of Pico) to the modern, frenetic community it is today.

According to Carolyn, times were simpler, and life was less stressful growing up in her idyllic neighborhood in the 30's and 40's. Those were some of the happiest and rewarding times of her life. There were many vacant lots to build forts, sidewalks for roller-skating, and an empty garage where she and her girlfriends could play dolls and “dress-up.” A nearby pony ride concession on Pico was a very popular attraction for these Depression Era kids. And, during World War II, an anti-aircraft battery located within blocks of her home, added a sense of excitement to the neighborhood. But Carolyn also remembers the sad times—one of them being when several of her and her younger brother's friends were carted off to the Internment Camps at the start of World War II.

After graduating from Westwood Elementary, Carolyn's next stop was Emerson Junior High School where she had her first taste of Student Government and community service. It was the beginning of a life long commitment to help others—especially children.

Westwood was in walking distance and the Saturday matinees at the Village and Bruin were the order of the day. Carolyn's favorites were musicals and comedies—especially the Hope-Crosby Road pictures. Afterwards, a visit to Albert Sheets for a very special ice cream treat completed the outing for her and her friends. “Tom Crumplars was off limits—too rowdy for my mother's tastes,” Carolyn muses with a chuckle. Summer time was beach time, and the Santa Monica Blvd. bus was the method of getting there. Roadside Rest Beach and Neenie's Famous Weenies were two of the more popular spots.

Although most of Carolyn's days at Uni were spent studying, she loved the campus and found time to participate in many student council activities, and service groups: Girl's League, Class Governance, the Mawanda's, the Meledonians and was a Sealbearer at graduation.

After graduating from Uni, Carolyn spent two enjoyable years at Stanford. It was her first time away from home and she discovered the joys of independence. She transferred to UCLA, got married, and began to raise a family. Having children had always been a lifelong dream, and over the years, her four children became the main focus of her life. Her time with them was very precious and she remembers with fondness all of the activities they shared together. Another one of her favorite activities was with the Westwood Hills Woman's Club Juniors who worked with the Marion Davies Clinic for children. When the clinic became part of the UCLA Medical Center, Carolyn worked in the volunteer program.

Solid careers in several bond and brokerage firms honed her business and people skills. With her children grown, she also had time to pursue her hobbies: Restoration of vintage homes, and her first love, gardening.

And, it was Carolyn's genuine love for Uni Hi and her desire to help that led her to that small cubbyhole of a room on campus that was the home of the Uni Alumni Office. Because Carolyn had a computer she could help organize the files that had been kept--up to that time--by hand. She enjoyed meeting people and the challenges of the daily workings of the Foundation. So, it was only natural that over the years, she began to accept more and more responsibilities within the Foundation.

Carolyn asked that the following be included in this piece: “I would like to encourage you to support the UniHi Education Foundation, so that the organization can continue to respond to teacher's requests and fund extraordinary projects. The Foundation also funds the annual Newsletter, which keeps alums informed of progress in school ventures, scholarships, and yet to be unmet needs, along with news from classmates.”

In many organizations throughout the world, one finds leaders and listeners, talkers and doers. Carolyn has, and will always be a doer. We on the Board will miss meeting with her regularly, but look forward to seeing her at Uni events. She is truly, one of our own.

ALUMNI NEWS

COMPILED BY CAROLYN SAUSSER LYNCH SUMMER 1949

1926 – PIONEERS

In Memoriam: LORIN GRANDFIELD

1927

In Memoriam: RUBY CURTISS GRANDFIELD

1929 - TWENTY-NINERS

HELEN CURTISS CONNER wrote that she was a member of the first Junior High class at Harding High School, which later became University High School, and that UCLA sent student teachers to the classes.

In Memoriam: STUART FULLER, MYRLE GROVE FULLER, ARTHUR FAULCONER (aka DION O'DONNELL, poet)

1931 – RIFFS/MARTIANS

DORIS PHILLIPS KELLY would like GERALDINE PAGE REGUR to contact her – 12214 Tweed Lane, L.A., CA 90049 or 310/476-1663. LAURA ANN CURTIS HURST is living in Reno.

In Memoriam: YSIDRO E. REYES

1932 – CONQUERORS/OLYMPIANS

In Memoriam EVELYN PEDERSEN POTTS

1934 – COMMODORES/MASQUES

FREDDA McGEE VAN SCHMUS taught art at UCLA and every grade from kindergarten to freshman. She was a member of the Chamber of Commerce and Citizen of the Year 2000 in Laguna Niguel.

In Memoriam: CHARLIE MORRAH and THELMA MORRAH

1935 – ISLANDERS/AMBASSADORS

LAVON “BONNIE” BUCKNER LUBOVISKI would like to hear from classmates – bonnielubo@mac.com

1936 – ARGONAUTS/METROPOLITANS

HELEN SPURRIOR HARRIS remembers Harding High School from the old photo in the last Newsletter.

1937 – TYROLEANS/BENGALS

JAMES D. CUMMINGS is doing fine and in his 7th year of driving a 1' gauge train at Wilson Park in Torrance on the first Sunday of each month. He is a Life Member of the Southern California Live Steam Club. CEIL SMITH, US Navy '42-'46, held many jobs in the aircraft industry and retired as Senior Design Specialist – Engineering. (MARION) ALICE ZEHNDER JARRETT wrote of her nursing career (not for publication), moved to Cupertino in '51 and concentrates on church work. She loves the Newsletter and especially Joe Nagano's letter. JOE NAGANO donated a book of wonderful, historical photos to the UniHi Library.

In Memoriam: PETER VIERTTEL, JOHN PLATT, JOHN J. THORNTON, HAROLD “PETE” PEDERSEN, VIRGINIA K. MILLIS GATES

1938 – VAGABONDS/MUSKETEERS

PAULINE EAGLER HIMMELEIN wrote from her home in Honolulu that she has 2 more great grandchildren and one great, great grandson. HAZEL STANFIELD HUNT is searching for a senior sweater “patch”. Her niece is putting together a collection of her high school “merit badges”, so locating a patch is important – 626/798-4115. FRANKIE MORRAH is living in Los Angeles.

In Memoriam: JUNE ROSE JELLINECK HANSON, JAMES A. TREAR, BARBARA STROOP, GARY GLUM, RODNEY HOLCOMB, W. KATHRYN McGEE SCOTT, JOHN “JACK” DUFFEE VINCENT
